

Local 38 Committee on Political Education (COPE) Endorsements - March 5, 2024 Election

The following is a list of endorsements from your Local 38 Committee on Political Education (COPE) for the upcoming presidential primary election on March 5, 2024. The Local 38 COPE does not arrive at these endorsements easily or arbitrarily. The political positions of local, state and national politicians, as well as the impact of state and local ballot propositions, is vital to the future of Local 38 and our membership. Thus, we pay careful attention to the statements (public and private), campaign contributors and voting records of those running for office in our jurisdiction and where our membership lives. Whenever possible, we interview candidates personally, pressing them about issues important to Local 38 and organized labor. Where we can't actually meet face-to-face, we rely on the recommendation of local, regional and statewide labor and building trades councils most of whom have interviewed local candidates about issues important to working families and their unions. Your COPE urges you to refer to this list when voting, and to support COPE backed candidates and measures.

DON'T VOTE FOR UNION BUSTERS!

Your Local 38 COPE strongly encourages you to NOT VOTE for union busters Scott Wiener and Buffy Wicks

It is always disappointing when politicians we and other unions have supported in the past decide to turn their backs on skilled & trained workers. That is exactly what California State Senator Scott Wiener and California Assemblywoman Buffy Wicks have done. They have gone out of their way to sponsor legislation that strips away strong labor protections from bills under the guise of having to build housing at any cost. We see this as a blatant way to score cheap political points in order to support developers and future political campaigns. Shame on them for turning their backs on workers.
